Poverty and Homelessness Action Week

26 January – 3 February 2008

Homelessness Sunday 27 January 2008

Poverty Action Sunday 3 February 2008

Opening Doors, Opening Hearts is about opening hearts to hear the stories people have to tell about being homeless, badly housed, and poor. It offers opportunities for dialogue, springing from the conviction that together we can open doors to a better housed, better paid and more just society.

The success of Make Poverty History has highlighted the need for a domestic equivalent: far too many people in the UK fail to share in our prosperity as a nation, and continue to struggle to make ends meet, or suffer the consequences of homelessness or bad housing. 2008 will see churches coming together with other groups for a year-long campaign to highlight the persistence of poverty and homelessness across the country – and to press all political parties to sign up to a goal to end poverty in our nation by 2020.

In 2008 Homelessness Sunday and Poverty Action Sunday are only one week apart. **Poverty and Homelessness Action Week** is your chance to make a difference. The **Opening Doors, Opening Hearts** resource pack contains all the materials that

are needed for Homelessness Sunday, for Poverty Action Sunday, and to organise events during the Action Week. Our target is for at least 100 events to take place in communities all over the UK. Use the materials to pray, reflect and act on homelessness and poverty; to encourage your church to get involved; to uncover the reality of hidden poverty or homelessness in your community; to celebrate what is already going on locally; to work with others.

Regional training sessions will happen in the **autumn of 2007** to equip you to run a poverty hearing. See www.homelessness-sunday.org.uk for information.

Poverty and Homelessness Action Week is organised by Church Action on Poverty, Housing Justice, Scottish Churches Housing Action, the Church Urban Fund and others. This will be a major opportunity for local churches to join in the challenge to the persistence of poverty and exclusion within our own communities.
